SHRADERS MAY HAVE NEW HOME TODAY; RECEIVE MANY ARTICLES

"If all goes well," the Elmer Shrader family will be reunited in a new home at Irishtown today. Mr. and Mrs. Shrader and the five of their eight children still at home were burned out of their Irishtown residence Thursday morning and spent Christmas with relations. Mr. and Mrs. Shrader and three of the children were with Mrs. Shrader's parents here and two of the children remained with neighbors and relatives in Irishtown.

Meantime, over the Christmas holiday, the members of the Irishtown Fire Department worked industriously, with the cooperation of Gettysburg firemen and the general public, in fitting up a new home in which the family will reside until it can be rebuilt on the site of its former home next spring.

John L. Sneringer, Irishtown fire chief, said the "response by the public has been wonderful, far greater than we ever expected."

The family home burned Thursday morning. By Thursday night Irishtown firemen had secured the home of Robert Bolin as a residence of the Shrader family. Mr. Bolin had moved from Irishtown recently and was seeking to sell the house at Irishtown. Negotiations were underway for another man to buy the property. Mr. Bolin and the potential purchaser agreed to wait until spring to continue negotiations and thus make the vacant house available to the burned-out family.

With a vacant house available, the firemen sought among their own possessions and found that four beds and springs were available as furnishings for the Bolin house. Realizing that the family would need more than that to get started again, the firemen decided on a public plea Thursday night.

Immediate Response
Gettysburg and Hanover radio stations and newspapers spread the story of the need the day before Christmas. The response, Irishtown firemen said, was "tremendous."

They paid tribute to Mrs. John Sneringer. The fire chief's phone was listed as to be called by those wishing to make donations. Fire Chief Sneringer's son said this morning, "The phone began to ring and it just kept on ringing all Christmas Eve and on into Christmas. Mother was answering the phone all the time and taking down names and addresses."

Bicycle And Bank Account
Approximately 30 members of the Irishtown fire department gave much of Christmas Eve and Sunday to making collections. Using the fire truck, the service truck and pickup trucks owned by the members, they traveled all over the eastern end of the county, and into Hanover in response to the phoned donations, picking up load after load of articles for the family.

SOME FARMERS MUST GET NEW CORN FIGURES

Farmers planning to plant corn in 1955 on farms where no corn was grown in the years, 1952, 1953 and 1954 will have to obtain a "new farm" corn acreage allotment prior to January 15 if they hope to obtain any price support or agricultural conservation program payments next year, Roy A. Weaver, chairman of the Adams County Agricultural Stabilization and Conservation committee said today.

Application forms for the "new farm" corn acreage allotments are available at the ASC office on York St. January 15 is the last day to file the forms.

While numerous federal controls on farming have been relaxed as a result of flexible price supports, the drought and other conditions, the corn allotment requirements stay in full force as do the allotments on wheat acreage.

More Freedom Now
The weather and congress combined to set up the different conditions allowing the farmer more freedom in operation. Weaver said he has been notified by the U. S. Department of Agriculture.

Last June the USDA announced that every farmer would be required to comply with all crop allotments established for his farm to be eligible for price support on any of the crops. That requirement has been dropped and a farmer will now be eligible for price support on corn, for example, if he stays within his allotment for that crop, no matter whether he exceeds or does not exceed allotments for any other crops.

Similarly the proposed limitations on the use of acres diverted from allotment crops have been dropped. Previously the USDA forbade the planting of the additional acreage to commercial vegetables, potatoes and sweet potatoes.

Set up originally as a "necessary evil," the special requirements are no longer needed, the USDA said. It reported that the 1954 corn crop dropped below 3,000,000 bushels, less than the amount the nation uses annually.

Feed Supplies Down
In addition the number of animals to be fed on the farms remained "at high levels and will probably go higher." And "the drought is very severe in widespread areas and there is need to rebuild feed supplies in much of the south, the southern Great Plains and parts of the west. Sub-

JAIL MAN FOR THEFT OF \$4

Cletus Kreeger, 49, Hunterstown, was arrested Christmas eve on a charge of burglary and larceny. Kreeger, who pleaded guilty to the charge before Justice of the Peace John H. Bashore, was placed in the Adams County jail to await sentence court. He was the only "newcomer" to the jail over Christmas. Sheriff Dorsey J. Schultz said today.

State police said they arrested Kreeger after Harry S. Bream, a neighbor of Kreeger's, reported to them that someone had forced a window and entered the Bream home and stolen \$4 from a dresser in the Bream living room. Police said they found the \$4 on Kreeger when they took him into custody about 4 o'clock Friday evening.

Here And There News Collected At Random

On many occasions, especially during the annual fund drive, there are some who level unjust and unfair criticism of the American Red Cross. The humanitarian organization seldom has an opportunity to defend itself against these uncalled-for charges. Recently a long letter was received at the local Red Cross office detailing the particulars in connection with the allotment and ultimate passing of a coupon serving his country in the armed forces overseas. The letter is typical of Red Cross interest in service personnel and its concern with serving the public. It is published in full (with personal deletions for obvious reasons) with the hope that it may serve as a stop-gap for the unjust attacks against the Red Cross.

Here it is:
"On behalf of the Red Cross unit at the 610th USAF Hospital, we are writing to ask that your chapter extend our deepest sympathy to the parents of —. We only recently learned of the young airman's death.

"While he was a patient at this hospital, our Red Cross staff and volunteers came to know and like him well. We were very distressed to learn that he had passed away; it is our sincere hope that his parents were able to visit with him, but this may not have been possible.

"When he was feeling well enough, our volunteer Gray Ladies used to visit with him and bring him games to help while away the time; in general, bringing their personalized and deeply felt interest to him. We know he enjoyed their visits, for he mentioned this to us just prior to leaving.

"We understand that he was a (Continued on Page 2)

Wrecks Stolen Car; Was 'Returning' It

A car was stolen Friday night from Fred Gormley, 135 Hanover St., and it now appears to be a complete loss. The "borrower" stated that he intended to return it, but on the way back he crashed, the car rolled over into a pond and was demolished.

According to Mr. Gormley, Fred Sims Jr., Lynwood, Md., said that he was "returning" the car Sunday evening when he wrecked it. He went to Westminster and surrendered himself to Maryland police, who turned him over to Gettysburg borough police this morning. He has been committed to the county jail on a charge of larceny of an automobile.

Mr. Gormley went to Westminster this morning with Borough Officers Daniel P. Miller and Raymond E. Menges, to try to recover the car, a 1947 Chevrolet. He reported that the car was a complete loss, and estimated its value at \$360.

Yankees Make Merry Xmas For Aged Creek Immigrant

SALT LAKE CITY — Mike Katsanevas, 66, took his children shopping today—but he wasn't just looking for after-Christmas bargains.

He wanted practical coats and trousers and dresses and shoes, all right. But at the same time, he was showing six of his children a new way to live, the way he has learned to live in America.

The children arrived yesterday from Greece — Mike's Christmas present from his coworkers at the Clearfield Naval Supply Depot, where he is a janitor.

This was the first time he had seen them in seven years, since he left Crete.

Three children came with Mike then, but he had to leave his wife and seven other sons and daughters behind. He got a job as a janitor at the naval supply depot,

Motorist Drives Under Huge Van

Damage was estimated at \$125 when a car operated by James E. Ketterman Jr., 18, R. 2, struck the rear of a tractor-trailer four miles south of Gettysburg Friday afternoon.

State police said Ketterman was driving north, up hill, when his car "ran under" the rear of a trailer. The operator of the huge van, apparently not noticing the impact, continued on. Damage was confined to the hood and grille of Ketterman's car. He was uninjured.

MAIL PERSONAL PROPERTY TAX FORMS TO 1,000

Approximately 1,000 countians, holders of some \$6,000,000 worth of stocks, bonds and mortgages, etc., which are assessed for the county personal property tax, are receiving the usual form to make their returns. The returns are to be filed by January 15.

Ray J. Snyder, deputy commissioners' clerk, said today that the county "expects" the amount of the stocks and bonds declared will be "about \$6,000,000." Last year a total of \$5,600,000 worth was declared and the county realized \$22,500 from its four-mill tax. Since the amount has increased yearly over the last several years, Snyder said: "If it follows the normal increase of the last two years, the total amount declared should reach the \$6,000,000 mark this year."

That amount would bring \$24,000 into the county coffers.

New Supplies Out
The assessors throughout the county have received the 1955 personal property assessment supplies and are now in the process of making the annual tax assessment, Snyder said.

Personal property tax is a four-mill tax on all mortgages, chattel mortgages, judgments and on stocks and bonds of corporations not incorporated under the state laws of Pennsylvania. The securities of corporations located in Pennsylvania and incorporated under the laws of other states are taxable in Pennsylvania. In filing returns, it is advisable to list all securities owned, whether considered taxable or not. The commissioners will assess only those securities made taxable under the law. If in doubt as to what stocks and bonds are taxable, inquire at the County Commissioners' office.

January 15 Deadline

"Personal property tax is a statewide tax assessed and collected by the county for the exclusive use of the county. This tax should not be confused with similar taxes in other states where furniture, automobiles, farming implements and machinery are assessed.

"Last day for filing personal property tax returns in Adams County is January 15, however, the tax is not payable until June when same is included with other taxes on notice sent by the local tax collector.

"Every person resident of or domiciled in Adams County and every co-partnership and incorporated association located or doing business in this county, owning or holding any taxable personal property is required each year to file a return to the local assessor or the County Commissioners. Under the law failure to file returns provides a penalty of five per cent plus six per cent interest charges.

"Taxpayers who have not received tax forms may obtain them from the local assessor, county commissioners' office or any Adams County bank, or if any assistance is desired inflicting returns, same may be obtained at the commissioners' office."

TWO SLIGHTLY HURT; \$1,850 IN THREE CRASHES

Damage was estimated at \$1,850 and two persons received minor injuries in three accidents investigated by state police Sunday. There were no reports to state police of accidents Christmas Day.

Most of the damage, \$1,350, and one of the injuries occurred in a four-car crash a mile south of here on the Emmitsburg Rd. at 4:20 o'clock Sunday afternoon.

State police said Clarence Reggie, 29, of Kingstown, slowed apparently to view the battlefield. Three cars behind him also slowed, but, according to police, the last in line failed to stop quickly enough.

Hilda Newman, 43, 637 York St., was reported by police as operating the last car in the line and striking the rear of a car driven by Hannah W. Martin, 39, New Holland, which in turn struck an auto driven by Mary H. Spence, 36, Greensboro, S. C., and the Spence vehicle crashed into the rear of the nearly halted Reggie car.

Taken To Hospital
Richard Brillhart, Hanover said to have been a passenger in the Newman auto, suffered a laceration of the scalp and was removed to the Warner Hospital for treatment.

Damage was estimated as: Newman car, \$700; Martin, \$400; Spence, \$150 and Reggie, \$200.

William D. Clark, 27, Fairfield R. 1, according to police, narrowly escaped serious injury when his car was demolished as it went over the bank at the Marsh Creek bridge on the Emmitsburg Rd. The accident occurred at 1:30 o'clock Sunday morning.

Lands On Frozen Creek

Police said Clark apparently "missed" the bridge as he was traveling along the road, and his car went down the bank to the stream, rolled over and came to rest with the rear of the car on the thick ice of the stream and the front of the vehicle resting on the bank. Damage to the car, a 1947 model, was estimated at \$200, which police said was the total value of that make and model auto.

Wilson Ferguson, R. 1, who resides near the scene, heard the crash and removed Clark to the Warner Hospital. He was found to be suffering only from a cut hand.

CLAIM DRIVER ATTEMPTED TO KILL WITH CAR

DANVILLE, Pa. (AP)—Police have charged a 20-year-old man with attempting to kill four persons with his automobile following a Christmas eve argument in Danville.

Thomas R. Ackley, of nearby Riverside, pleaded guilty Saturday to charges of failing to stop at the scene of an accident and aggravated assault and battery, but pleaded innocent to a charge of assault with intent to kill.

Injured when they were struck by Ackley's car were John T. Lyon, 50; his son, John Lyon Jr., 17; and a son-in-law, Jerry P. Young, about 23. Another son-in-law, James Wagner, of Lewisburg, was not struck by the car. None was injured seriously.

Police said Ackley and young Lyon had been involved in an argument after which young Lyon slapped Ackley in the face. Ackley then jumped into his car, police added, and ran through the group, dragging young Lyon about 15 feet before striking a barn.

Ackley was lodged in Montour County jail in default of \$2,500 bail.

SCOFFS CLAIM OF SHEPPARD

CLEVELAND (AP)—A prosecuting attorney who helped bring about the second-degree murder conviction of Dr. Samuel H. Sheppard says:

"Maybe we didn't do our duty from Dr. Sheppard's point of view, but from the public point of view, we did our duty."

Assistant County Prosecutor John J. Mahon was commenting last night on a written statement by the 30-year-old osteopath convicted last Tuesday of clubbing his pregnant wife, Marilyn, to death on July 4.

Sheppard, sentenced to life imprisonment, gave the statement to a brother, Dr. Richard Sheppard, who relayed it to a Cleveland newspaper, The Plain Dealer.

In his statement the prisoner said: "Total disregard of definite evidence that proved the presence of someone else in our house who must have killed Marilyn stirs and depresses me."

Sheppard, who has maintained a prowler bludgeoned his wife, added:

"My understanding was that a prosecuting attorney was duty bound to produce all evidence and protect the innocent as well as prosecute the guilty. This has been far overlooked."

Mahon said no evidence in the Sheppard case was overlooked and "everything was out in the open." Sheppard's attorneys will push for a new trial in a hearing Thursday.

SOME FARMERS

soil moisture has been depleted in large areas."

Dropping support prices for oats, barley, rye and grain sorghums to 70 per cent of parity is expected to keep them out of government warehouses and put them into feeds, thus cutting prices of feed for "dairymen and poultrymen who have been caught in a price-cost squeeze."

At the same time the farmers raising the small grains are expected to find that "with the increased acreage for these small grain crops that occurred this year and is in prospect for 1955, it is estimated that total cash income from these crops will be considerably higher next year, despite the lower parity payments."

In the announcement to the local office U. S. Secretary of Agriculture Ezra Taft Benson was quoted as saying: "I know that farmers will use their increased opportunities wisely, using many of the acres they divert from basic crops to produce the roughage needed in balancing livestock rations and to carry out sound conservation practices. The Department of Agriculture through its various land-use programs, including the Agricultural Conservation program, is assisting producers in the vital job of handling their diverted acres so that they will be ready in the future to meet the increased food and fiber needs of a steadily growing population."

Hunters Run Home Swept By Blaze

The home of John Marsh, Hunters Run, Gardner R. D., was badly damaged by a fire that broke out about 9 o'clock this morning. While none of the walls collapsed, the interior of the home was badly burned out and the furnishings destroyed. No injuries were reported.

The Mount Holly Springs and Biglerville Fire Companies were called out to fight the blaze. Biglerville Fire Chief Paul Fissel said he thought that an overheated stove pipe had caused the fire.

"EXPERIENCE"

Every new experience . . . is a lesson in this life . . . through trial and observation . . . we are taught to weather strife . . . each day we enter a new world . . . based on the day before . . . it's up to us to make the essence . . . serve our purpose more . . . there is no need of learning . . . if we don't profit from . . . the bygone days in order to . . . make better days to come . . . we should extract from every day . . . something, however small . . . engrave it well upon our minds . . . where it will be on call . . . and in this way we'll come to prove . . . an adage with a feature . . . that tells us that experience . . . is really the best teacher.

H. Higinbotham and John W. LeGore, elders, were ordained and installed at the preparatory service on Sunday morning in Redeemer's Reformed Church. The Sunday School officers and teachers for 1955 were also installed at the service.

SHRADERS MAY

(Continued from Page 1)

spent considerable time Christmas Eve accepting donations of clothing, food, even a kitchen set of a table and four chairs and a living room suit, among other larger donations. The food was delivered by the local firemen to the Shrader family at the home of their relatives here for use immediately. The other articles were driven to Irishtown, including a bicycle from Ernest Simpson's for the youngest girl of the Shrader family.

Irishtown firemen received such donations as "a huge quantity of clothes," bed clothing, mattresses, two sets of dishes, a washer, and "a large quantity of money and it's still coming in." The money, now totalling several hundred dollars, has been placed in a special account for Mr. Shrader at the Farmers and Merchants Bank at New Oxford. When the collection is complete the bank book will be presented to the Shrader family.

Nearly Lost Her Life

Mrs. Shrader, who had been reported as "extremely emotionally upset" as a result of the fire was reported "much improved" and it was expected that the family could enter its new home today. There were still some articles needed for the home, but there was sufficient on hand to give the family a start.

Mrs. Shrader nearly lost her life in the fire. After Mr. Shrader had gone to work Thursday morning and the children had gone to school, she had gone to an outkitchen to heat water for washing.

Shortly after lighting a fire, she collapsed and fell to the floor. Recovering, she found the outkitchen a mass of flame. Still confused from having been unconscious, she made her way from the blazing outbuilding, but was only able to get into the house adjoining it. She was found there by neighbors as the blaze swept into the house. The entire 11-room house was destroyed with only the walls left standing.

C.S.M.C. was held Tuesday afternoon, Robert Gelwicks, president, reminded the students of the Mission dance to be held December 29 in the school auditorium with students from Westminster, Frederick, and Hagerstown Catholic High School Mission units attending.

Wins In Contest

Students were asked to begin to make preparations for the annual Mission Bazaar which will be held this year on February 4.

As a special activity, students of the biology classes made fingerprints in connection with the study of the skin. The students then classified their own prints.

Mary Jane Scott was judged a winner in the annual Royal typewriter contest for her essay on "What Christmas Means to Me." The contest was staged nationwide with more than 16,000 entries from high school students.

It was fashioned with a strapless bodice over which she wore a matching stole. Her slippers and mitts were of a similar shade of green. She carried a colonial bouquet of yellow snapdragons, bronze pompons and yellow roses.

Miss Hermit R. Crum, Arendtsville, sister of the bride, was the attendant. She wore a similar gown in yellow and carried a colonial bouquet similar in arrangement to the maid of honor's.

G. David Bushman, Arendtsville, brother of the groom, was the best man. The ushers were Jack Orner, Arendtsville, and Jay Hartzell, Cash-town. The bride's mother wore a navy blue street-length crepe dress with navy accessories. The mother of the groom wore a navy blue taffeta street-length dress with pink accessories. Both wore corsages of camellias and sweetheart roses.

Reception Held
A reception was held in the church social room immediately after the wedding. Afterwards the couple left on a honeymoon of unannounced destination. Mrs. Bushman's going-away ensemble was a blue princess style dress with winter white accessories. She wore a corsage of white carnations and sweetheart roses.

The bride, a graduate of the Biglerville High School, is employed in the office of the C. H. Musselman Company. Her husband, a graduate of Biglerville High School and Gettysburg College, is serving with the United States Air Force. He is presently stationed at the Roslyn AFB, Long Island, N. Y.

YORK, Pa. (AP)—Margaret Elizabeth Bennett of Maryland Line, Md., celebrated her 16th birthday the day before Christmas by announcing her engagement to Cpl. Arthur E. Shirey Jr., of York R. 8. Late Christmas night she was killed instantly when struck by a passing auto after Shirey's car ran wild off the road.

Shirey, 21, due to be separated from the Marines next month after three years service, suffered minor injuries in the accident along U.S. 111 about 11 miles south of York.

State police of the York barracks said the couple were driving toward York when Shirey's car ran off the road, rammed two trees and sheared a utility pole. Miss Bennett was thrown to the highway and then struck by a passing car which did not stop, according to the police report.

Lester J. Sell, York County coroner who is investigating the case, said she suffered a crushed chest, fractured skull, fractured legs, fractured right arm and severe face and body cuts.

The couple announced their engagement Friday at the home of her parents, Mr. and Mrs. George Edward Bennett, at Maryland Line, a small community on the Pennsylvania-Maryland border about 20 miles south of York. They had not set a wedding date.

Shirey was treated at York Hospital for multiple lacerations and scalp cuts and abrasions. He was not admitted.

Funeral services for Miss Bennett will be held tomorrow afternoon at New Freedom, Pa.

Holiday Tournaments And Benefit Games Take Over School Cage Limelight

HARRISBURG (AP) — The state champion and runnerup, last year's titlist and four more district crown holders are slated for action this week when holiday tournaments and benefit games take over the schoolboy basketball front.

Farrell's state titleholders will be protecting a seven game winning streak tonight when the Steelers meet once-beaten Duquesne in the 3rd Lions Tournament at Farrell. The host school has won both previous years but this time must play Philadelphia Overbrook in the finals.

Chester, the Eastern Pennsylvania victor and runnerup to Farrell last March, visits Allentown Wednesday for a benefit contest. Chester has lost only to West Philadelphia in five starts while Allentown is unbeaten in the same number of games.

In Coaches' Tourney
Yeadon's 1953 state champs take a 3-0 slate into the 5th Delaware County Coaches' Tourney at Darby tomorrow. The Eagles, opening against Prospect Park are favored to win the meet.

Other Class A district champions entered in the holiday play are Williamsport of Dist. 4, playing at Homestead; Slatington of Dist. 11, playing at Allentown; Johnstown, Dist. 6, host at the 6th annual War Memorial Tournament; and Kane, of Dist. 9, host at its own event.

In all over 20 holiday events, taking in close to 100 teams, are on the schedule for the next seven days. There are 15 full-fledged tournaments approved by the PIAA while the others are regular season games played for charity.

Farrell Wins First
Two of the meets began last week. Farrell beat New Kensington in a first round game and Palmerton and Whitehall won first round contests at the Slatington Lehigh Valley Tourney. Nine get under way tonight and the action doesn't end until the last day of the year.

Six major undefeated teams are on the list of entries. They are Farrell (7-0), Johnstown (6-0), West Middlesex (7-0), Homestead (7-0), Kane (3-0) and Yeadon (3-0). The Johnstown event has an unequal record to uphold. Every year since it was started one entry has reached the state championship game the following March. It was Homestead in the first year of 1949, Farrell in 1950 and 1951, Sharon the next year and Chester last year.

Johnstown Vs McKeesport
Johnstown faces McKeesport Wednesday in the opening game with the winner playing Philadelphia Overbrook in the final the following night.

Williamsport meets Washington in the Homestead meet while the Kane tournament pairings won't be made until tomorrow.

Holiday action is also scheduled at Pittsburgh, Mercer, Quakertown, Upper Perkiomen, East Stroudsburg, Erie, Abington and Bellevue. The other major tournaments:

At Scranton tonight and tomorrow: Old Forge vs Scranton Prep and West Scranton vs Swoyersville. At Allentown tonight, tomorrow and Thursday: Fountain Hill vs Nesquehoning and Bethlehem vs Easton; Bethlehem Catholic vs Coplay and Allentown Central Catholic vs Wilson.

At Allentown tonight: Allentown vs Slatington.

At Slatington tonight and Wednesday: Jim Thorpe vs Catasauqua and Stroudsburg vs East Stroudsburg.

At Kane tomorrow and Wednesday: Kane, Titusville, Tyrone and Butler.

At Darby tomorrow and Thursday: Yeadon vs Prospect Park, Darby vs Sharon Hill.

At Reading Wednesday: Carlisle vs Reading, Fleetwood vs Wernersville.

At West Middlesex Wednesday and Thursday: Hickory vs Conneaut, West Middlesex vs Greenville St. Michaels.

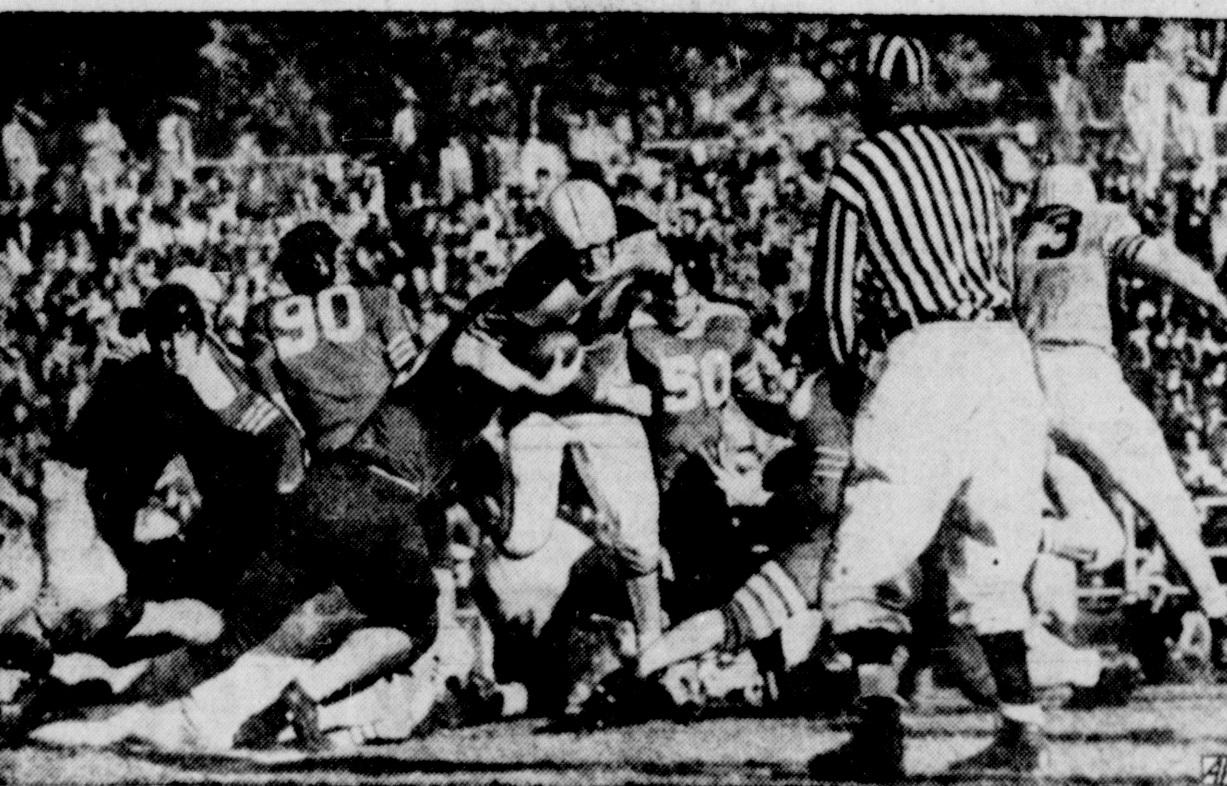

Pennsy Limited Is Derailed By Boulder

ALTOONA, Pa. (AP) — The Pennsylvania Railroad's Liberty Limited was delayed 1 hour and 50 minutes early today when the locomotive's front set of wheels was derailed in grazing a 35-ton boulder.

A railroad spokesman said the boulder, measuring 20 by 9 by 4 feet, had tumbled onto the tracks at the West Portal of nearby Galtzlin Tunnel. No one was injured. Other east bound passenger trains were delayed 2 to 6 minutes while east bound freight trains were not affected.

He was stopped on the South 48-yard line but just as this picture was snapped he fumbled the ball which was recovered by North and later went on to score. TONY TRABERT, VIC SEIXAS IN DOUBLE WINS IN MATCH TOURNEY

SYDNEY, Australia (AP) — America seized a firm, almost unbreakable grip on the Davis Cup today when two long-frustrated veterans, Tony Trabert and Vic Seixas, fought their way to almost identical four-set victories over young Australian foes in opening singles matches of the challenge round.

Trabert, tight-lipped and determined, cut down powerful Lewis Hoad in the first match, 6-4, 2-6, 12-10, 6-3. Seixas, scrapping 31-year-old United States champion, evened a long and embarrassing jinx by trouncing little Ken Rosewall, 8-6, 6-8, 6-4, 6-3.

"Two down and three to go," exultantly said Bill Talbert, non-playing captain of the Americans as he congratulated his victorious athletes in the dressing room. "We'll clinch the cup tomorrow in the doubles. And then Wednesday's final singles matches will be just a formality."

Only one other time in the history of this storied international tennis competition dating back to 1900 has a team lost the opening two singles and come back to victory.

In tomorrow's doubles, with the United States leading 2-0, America will send out Trabert and Seixas again against Australia's Hoad and Rosewall. The Americans, who have established themselves as the best in the world, will be overwhelmingly favored.

Prediction Looks Good

"I was very proud of both Tony and Vic," said Talbert, whose ridiculed prediction of a 5-0 sweep now looks like a good bet. "Both of them followed our battle plans almost to the letter and they showed great fighting qualities."

A crowd of 25,578, largest crowd ever to see a tennis match anywhere, sat in the big wood and steel saucer for the day's program and most of them took a lingering look at the gleaming Davis Cup as they left the arena.

This is the fourth year Seixas and Trabert have come to Australia in an effort to wrest back the trophy taken to the bottom of the world in 1950 but every previous mission has been in vain.

Trabert, his teeth clinched with determination, started shakily against Hoad, who has been in a terrible slump. But he held on grimly to gain the decision.

In the 22-game third set, which lasted more than an hour, Tony fought off one set point in the 17th game, twice came back from 15-40 on his own service and won the set with a powerful serve-volley exhibition in the 22nd game.

Seixas, who had lost to Rosewall eight of the nine times they had met and the last six times in a row, made good his boast he would end the Indian sign.

He followed Captain Talbert's instructions to serve to Rosewall's forehand and move to the net swiftly, also to attack Rosewall's second service and, if possible, the first with a shot to the forehand.

"Vic followed our campaign strategy to the letter," Talbert said. "I was very proud of him."

NAMED TO SEP JOB
PHILADELPHIA (AP) — Robert Lee Sherrod, Far East representative for the Saturday Evening Post, will become the magazine's managing editor sometime next spring, the Post disclosed last night.

The 45-year-old native of Thomas County, Ga., formerly a war correspondent for Time and Life magazines, will succeed Robert Fuoss, who will become executive editor.

GIARDELLO TO GET HEARING

PHILADELPHIA (AP) — Middleweight Joey Giardello will be giving a hearing by the Pennsylvania State Athletic Commission here Wednesday to determine if his boxing license will again be suspended.

Giardello was suspended Nov. 29 for what the commission called "actions detrimental to boxing" after the middleweight was charged with assault by Philadelphia police. But the Dauphin County Court, acting on an appeal by Giardello, invalidated the commission action and returned the case to the state agency saying a public hearing must be held before such action could be taken against the fighter.

Giardello has been indicted on charges of inciting to riot, riot, aggravated assault and battery, larceny by trick, false pretenses and conspiracy to commit unlawful acts. He is now awaiting trial.

BRION TO MEET DAN BUCCERONI

NEW YORK (AP) — Heavyweights Dan Bucceroni and Cesar Brion meet tonight in what could be billed as a battle for survival at New York's St. Nicholas Arena (DuMont-TV, 10 p.m., EST.).

Although neither has been doing well of late, they still possess formidable won-lost records. Bucceroni, of Philadelphia, has a 46-5 slate with 30 knockouts. Brion's record is 43-10 with 20 kayos.

The heavyweight class being what it is today, it doesn't take more than two good showings to get back in the rankings. It only took two wins by Charley Norkus to get back in the money, and Bucceroni and Brion hope to do the same.

Wildcat Billy McNeece, a crowd pleasing 22-year-old middleweight from Islip, N. Y., takes on veteran Bobby Dykes of Miami at Brooklyn's Eastern Parkway in the other TV show tonight (ABC-TV, 10 p.m., EST.).

Winner of three straight, the rangy, blond wildcat is rated one of the best prospects in the booming middleweight division with a 13-2 record. His aggressive style is right up Dykes' alley. Bobby, a smart boxer, likes his opponents to come to him. Dykes' record is 95-15-6.

French Assembly Decides Today

PARIS (AP) — The French National Assembly convened shortly after 3 p.m. today for a decision fateful for the government of Premier Pierre Mendes-France and the defense of the Western world.

The Premier is asking for the Assembly's vote of confidence on West Germany's entrance into the North Atlantic Treaty Organization and, by implication, the whole network of London-Paris accords for West German rearmament as a partner in a seven-nation Western European Union.

The public and press galleries of the chamber were packed long before the Assembly was called to order by its presiding officer, Andre Leroquer.

Outside, many others, including knots of Communist demonstrators hostile to West German rearmament, thronged against barricades waiting a turn to get inside.

Although the United States Trust Territory of Pacific Islands is as wide as the United States, the 2,000 islands have a total land area half the size of Rhode Island, says the National Geographic Society.

BROWNS JOLT DETROIT LIONS OFF PRO THRONE IN 56-10 ROUT

CLEVELAND (AP) — The Cleveland Browns today owned a rare second National Football League title after an astounding 56-10 dethroning of the Detroit Lions which proved:

1. Cleveland's "retiring" quarterback, Otto Graham, showed enough voltage at 33 — three touchdown passes and three scoring smashes — to warrant doubt he will quit pro ball as he says.

2. That you can't believe what you see on the TV screen (the game-turning play favored the Browns after what appeared a neutralizing double-infraction on TV). The Browns won their first triumph in nine starts against a Buddy Parker-coached Lion team, but the runaway didn't develop until after a first quarter tide-changer which puzzled TV viewers.

This came, with Detroit ahead 3-0 on Doak Walker's field goal. Cleveland's punter was roughed on the same play in which Detroit's receiver apparently signaled for a fair catch then was clobbered deep in Lion territory.

The Brown punter, Horace Gilmom, was racked up by Lion guard Harley Sewell, just after lofting a fourth-down punt to Detroit's Jug Girard. After signaling a fair catch, Girard moved three strides to his right and did not have control of the ball when he was smacked down.

What the TV audience never learned was that officials ruled Girard, "muffing the ball," never had enough control to warrant infraction of the fair-catch ruling. That left the roughing-the-punter violation standing alone, instead of being wiped out in a double penalty.

So Cleveland got a first down on Detroit's 35 and two plays later, Graham hurled a 37-yard touchdown pass to speedy Ray Renfro. That was the game's turning point. The Browns took a 7-3 lead and steadily enlarged it.

Passing twice to Renfro and once to end Pete Brewster for touchdowns, and in smashing over from the 5-yard line and 2 and 1-foot lines, Graham set three playoff marks.

Graham's three touchdowns set title-game scoring marks with 18 points, most six-pointers and most touchdowns by running.

After the six touchdowns Graham either passed or carried, the Browns produced a 12-yard touchdown run by Curly Morrison and a 10-yard scoring scamper by Chet Hanulak.

Victory would have left the Hornets only one point behind Springfield.

In other games last night Buffalo scored three goals in the second period to shade Cleveland 3-2 while Pete Kapusta's overtime goal gave Providence a 6-5 triumph over Hershey. Buffalo and Providence remained tied last last place.

SOUTH BEATS NORTH 20-17

MIAMI, Fla. (AP) — The South used a favorite defensive maneuver of professional football teams in beating the North, 20-17, in the Shrine of College All Star Game Christmas night.

South Coach Andy Gustafson of Miami said he and Jim Tatum of Maryland, his assistant for the game, had four tackles in the lineup at times when the North drove deep into Rebel territory.

The game was played under free substitution rules, enabling Gustafson to do as the pros do—throw the big men into the line when the opposition gets in scoring range.

The North, coached by Ivy Williamson of Wisconsin and Bernie Crummins of Indiana, drove inside the South's 25 on five occasions. Once the Yanks got a touchdown.

The other four times the solid South defense forced field goal attempts by Minnesota's Jim Soltau. He made good on only one. The other North touchdown came on a 52-yard pass play from Indiana's Florian Helinski to Rhode Island's Pat Abbruzzi.

Maryland's Dick Bielski handled most of the South's fullbacking chores and was voted the outstanding player of the game, winning the honor over Wisconsin All-American Alan Ameche, who starred for the North.

REP. WALTER DEFENDS ENTRY LAW, MCLEOD

WASHINGTON (AP)—Rep. Walter (D-Pa.) today praised immigration checks in the refugee law and defended R. W. Scott McLeod, whose administration of the act has been criticized by others.

Walter is second ranking Democrat on the House Judiciary Committee and helped to write the McCarran-Walter Basic Immigration Law.

The Judiciary Committee's chairman-to-be, Rep. Celler (R-NY), returned from a five-week overseas tour this month with sharp criticism for McLeod, the State Department's security chief. "A good law," Celler said, "has been prostituted by the insane, arbitrary and savage administration thereof by Mr. Scott McLeod."

Walter said in an interview that attacks on McLeod for his administration of the slow-moving special refugee program are "entirely unwarranted and unjustified."

Safeguarding Interests
The Pennsylvanian, who had a hand in drafting the 1953 act, said McLeod is "just administering the law" and declared that restrictions in it are "safeguarding the best interests of the United States."

The law, signed Aug. 7, 1953, authorizes admission to this country of 214,000 refugees outside the regular immigration quotas during the three years ending Dec. 31, 1956. Latest figures from the State Department show that, as of Dec. 17, only 16,081 immigration visas had been issued under the program, and only a fraction of these visa-holders have actually arrived in the United States.

The State Department has said the chief reason for the slow start was the need to set up machinery, including a security screening system.

Walter said many of those arrived or on their way have sponsors, as required under the law, among relatives already in this country and have jobs and housing waiting for them. Sponsors must certify that employment and shelter is available.

Many still waiting to get in, he said, are unable to do so because they have no sponsors here. And the reason for this, he declared, is that there are not jobs for them at a time when unemployment is a domestic problem.

The Pennsylvanian defended the security checks which have been criticized as the biggest hold up in the program.

RE-ENACT HISTORIC CROSSING
WASHINGTON'S CROSSING, Pa. (AP)—George Washington's historic crossing of the Delaware was reenacted Saturday in the second annual commemoration of the dramatic event of 1776.

Washington, in what some historians believe led to the turning point of the American Revolution, took his band across the river on Christmas night and in a surprise attack the next day overcame the Hessian garrison at Trenton, N.J.

Technicians May Get Pay Increase

WASHINGTON (AP)—Asst. Secretary of Defense Fred Seaton says administration proposals for military pay raises would not affect the ordinary private but would aim at keeping skilled technicians in uniform.

Seaton said Congress will be asked to approve pay hikes on "a selective basis" for men who—particularly in the Air Force—require considerable training or have special skills.

In an NBC TV-radio interview, Seaton listed proposals to improve overseas housing and medical aid for dependents, and a rotation system for returning men from overseas, as more important than pay raises.

Regional Plan Assn. estimates say 19,200,000 people will be living in the New York City Metropolitan area in 1975.

AT 93 HE GIVES VIEWS ON WINE, WOMEN, SMOKES

LOS ANGELES (AP)—At the age of 93 Thomas N. Camfield offers the opinion that "all this stuff you read about the dangers of tobacco and alcohol is a lot of hot air."

Camfield, a retired Los Angeles real estate man, took some time yesterday to give his views on life—and women—to a reporter in his room at the Jonathan Club, where he has lived for 30 years.

"I start my day with my corn-cob," said Camfield. "As soon as I wake up I go back to bed and smoke my head off. And I have a cigar after breakfast and dinner." He said he also has a glass of port before breakfast and a drink

of whisky before dinner. "Best thing I ever did in the whole world was never to get married. I never wanted to have anyone telling me where to head in. And I never wanted a home. I've known a lot of women and they're wonderful. But whenever I got tired of one, there were always plenty more. "Millions of them."

KILLED IN CRASH

PAVILION, N.Y. (AP)—Franklin Marsh Jr., 50, of R. 1, Pittston, Pa., was killed last night in the collision of two automobiles and a small truck on Rt. 63 here.

Injured in the accident were his wife, Irene, 45, whose condition was reported as fair in a Batavia hospital, and Joseph McGuth of Corning, whose condition was listed as good by the hospital.

FINAL FRENCH VOTE DUE TODAY ON ARMING BONN

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP)—The French legislators today wrestle with their conscience and their temperament in a final vote on whether to let West Germany rearm. They can reverse themselves today.

The vote is on a plan which, while letting Germany rearm, is intended to keep her from becoming a menace to her neighbors again.

Under this plan a rearmend Germany would be brought into NATO—the North Atlantic Treaty Organization—which now has 14 members, including the United

States, Britain, France. The NATO nations have a joint military staff planning the defense of Western Europe against Russia. And NATO would have jurisdiction over a Germany rearmend. France, as a NATO member, therefore have a say-so.

Fear The Germans

The French naturally fear the Germans who have invaded them three times in less than 100 years. They fear what Germany, once it became a military power, might do again.

The present French fears in the end may be justified. A number of things could happen: NATO itself might break up; Germany might turn from the West and make a deal with Russia. Other events could pull Germany from under NATO's thumb.

But the reason France is in NATO is to create a defense against Russia. The French know NATO would be stronger with Germany in it. They have the problem of choosing between fu-

ture fears and present strength. The United States and Britain both want Germany in NATO. Both want the French Assembly to approve. After last week's "no" vote, Britain in effect told the French: Germany is going to rearm anyway, with or without French approval.

Administration Agrees

The Eisenhower administration, which didn't go as far publicly, no doubt thinks the same.

Although the French seem unwilling or unable to face the fact that no longer are a major world power, they nevertheless enjoy a senior partnership in the Western world with the United States and Britain.

They may lose that seniority, sliding down the international totem pole to a truly secondary position, if they vote "no" and the United States and Britain rearm the Germans independently of France.

McCarthy Says He'll Hit Red China Trade

WASHINGTON (AP)—Sen. McCarthy (R-Wis.) said yesterday the flow of goods from the free world to Communist China is steadily increasing and that he plans to intensify his campaign against it.

McCarthy said in an interview he plans to do "a lot of public speaking after the first of the year" to emphasize his contention that Red China should be blockaded—"not a naval blockade by U. S. warships," he added, "but a blockade brought about by cutting off aid to nations which do trade with the Reds."

One study of 1,183 polio victims showed that 1,165 of them had brown or black eyes and brown or black hair while only one had blue eyes, blond hair and fair skin and only 17 had brown eyes combined with blond hair.

PUSAN, Korea (AP)—Francis Cardinal Spellman, nearing the end of his fourth straight Christmas visit to Korea, today paid tribute to U. S. doctors, nurses and soldiers for their "generosity in helping the sick and suffering among the Korean people."

The Roman Catholic archbishop of New York praised the medical in a sermon to some 3,000 U. S. servicemen who packed the auditorium of the U. S. Consulate in Pusan.

Spellman is winding up a six-day visit of U. S. military areas in South Korea. He is scheduled to leave for Tokyo en route home tomorrow.

TRAFFIC TOLL OVER HOLIDAY NEAR ESTIMATE; NEW MARK SET

By THE ASSOCIATED PRESS

The swelling toll of highway accidents over the Christmas week-end mounted close to the National Safety Council's preholiday estimate, after already setting a record for a two-day Yule holiday.

Belated reports of accidental deaths between 6 p.m. local time Friday and midnight last night might well run the traffic death toll to the predicted 370.

It was already 355 on the basis of figures available early today in an Associated Press survey.

The previous record for a two-day Christmas weekend (54 hours) was 277, set in 1948.

57 Fire Deaths

Together with 57 deaths in fires and 51 from a variety of causes, the accidental death toll was 463. This was far ahead of the 1948 total from all causes—396.

It exceeded in two categories the figures compiled by The Associated Press in a test survey for the nonholiday weekend of Dec. 10-12. Those were 225 traffic, 39 fire and 67 miscellaneous.

California's diligent campaign for safe and sober driving during the Christmas week failed to keep that state from the top of the list mached only by Texas. Pennsylvania had 25.

Worst Tragedy

Stove explosions and Christmas tree fires contributed heavily to the unusually large number of deaths from fires.

The weekend's worst tragedy occurred in a tenant farmhouse near Parkin, Ark. Eleven persons, including 10 children, died when kerosene poured into a wood stove exploded.

Four persons, one a baby, died in a fire which destroyed a farm labor camp building at Penn Yan, N. Y.

Neighborhood Knows Sign Language Now

LOUISVILLE, Ky. (AP)—When her family moved into a new neighborhood two years ago, Delores Schneider had a problem.

How does an 8-year-old deaf-mute go about making friends and playing with the other children?

With a child's directness, Delores found the answer by teaching all the youngsters sign language.

Now there's hardly a child of her age in the neighborhood who can't hold his own in two-handed conversation.

Delores' two brothers, Joe, 15, and Eddie, 13, also have been deaf-mutes from birth but the eldest child, Mary Lou, 17, has normal hearing. So do Mr. and Mrs. Jim Schneider.

29 KILLED IN YULE MISHAPS

By THE ASSOCIATED PRESS

Accidents took 29 lives in Pennsylvania during the holiday week-end. Motor vehicles accounted for 25 of the deaths.

The toll was one of the highest in the commonwealth's history. It amounted to more than a death every two hours during the 54-hour period beginning last Friday at 6 p.m. and ending at midnight Sunday.

The weather throughout the state was generally fair during this time and traffic conditions were generally good. State police reported that the highways were heavily traveled.

The effects of the tragic weekend showed also in numbers of persons injured and still hospitalized, some of them in critical condition.

In addition to the motor vehicle fatalities, one person was burned fatally, another died of an accidental shotgun wound, a third was killed in the crash of a light plane and a fourth drowned.

Those killed yesterday were: Mrs. Elizabeth Carr, 55, in a fire that followed an oil stove explosion in her Philadelphia home.

Peter Hook, 22, crushed between two cars in Philadelphia.

Pennsylvania Must Raise More Revenue In '55 Than Ever Before In Its History

HARRISBURG (AP)—The herculean task of raising more new revenue than ever before in Pennsylvania history confronts the 1955 Legislature.

The exact amount is hazy. It's lost in politically tinged claims and counter-claims.

If you take Gov. John S. Fine's word for it, the figure will be around 351 million dollars out of a 14 billion dollar general fund budget. Only 20 years ago, the entire general fund budget ran 335 millions.

The Pennsylvania State Chamber of Commerce puts the requirement for new revenue at about 312 millions.

Gov. Elect George M. Leader and his Democratic colleagues are making no dollars and cents estimate at this point. They have the Pennsylvania Economy League at work seeking a figure.

Making Special Study

An estimate is likely to come from a bi-partisan study committee first set up by the governor in 1953 and revived recently for a look at 1955 tax needs.

Some of the problems:

1. The 100 millions or so raised by the Republican-passed one per cent sales tax will be allowed to expire automatically Sept. 1 if Democrats follow through with their campaign pledge.

2. Best estimates are that public school subsidies will take 95 million more than in the current

biennium without any changes to the present law.

3. Public assistance costs will be 10 millions more than at present, with the next legislature to be asked to put up 13½ millions to meet deficiencies in the 1953-55 appropriation.

"Borrow For Bonus"

4. Borrowing money for the veterans bonus for World War II and for improvements to state institutions is going to cost an additional seven millions in the next biennium.

5. Leader will inherit a deficit of 60 to 65 millions from the Fine administration.

Then there's the problem of tax collections falling off from previous estimates. Even a slight recession is immediately reflected in tax income. Less cigarettes and liquor are purchased. Corporate net income tax revenues dwindle.

Apart from the generality of the Democratic campaign platform which promises "a more equitable tax structure, based on the principle of ability to pay," Leader has come up with two tax ideas.

"Pay-As-You-Go"

One is to put on a pay-as-you-go basis such business levies as the capital stock tax, the franchise tax, gross receipts tax and taxes on bank shares and gross premiums of out-of-state insurance companies.

This one-shot plan, he estimates, would bring in 45 millions in the next biennium.

The other is revising assessment

procedures in determining the bases for capital stock and franchise taxes. Without changing the rate, he said, this would gain new revenues of about 24 millions.

At his first news conference after the election, Leader said that the sales tax would be dropped, that no flat income tax would be adopted and that no plans were under way for amending the constitution to permit a graduated income tax.

Leader also said a mercantile tax was questionable. Such a tax is considered in many quarters a disguised sales tax.

What To Tax.

Then what will be taxed? Business interests claim they already are taxed too heavily—that 44 per cent of general fund revenues come from direct business taxes and that the corporate net income tax alone brings in a quarter of the general fund money.

Pennsylvania's cigarette and liquor taxes are among the highest in the nation.

The governor's tax study committee listed these possible levies in its 1953 report: Soft drinks, tobacco, amusements, parimutuel horse-race betting, per capita, meals, hotel and motel rooms, utility bills, telephone and telegraph tolls and unincorporated business.

Some money can be saved by economies but Leader is among the first to say that reductions to the extent of 100 million dollars as proposed by the Chesterman committee in 1953 are too visionary.

Change Accounting System

It is also Leader's position that the commonwealth's accounting sys-

tem must be completely overhauled to determine the true status of the state's finances.

There seems little doubt that the next budget will hit the 1½ billion mark compared to the present overall two-year spending program of \$1,400,000,000.

Five major items—education, public assistance, health and welfare programs and debt service costs—accounts for about 90 per cent of the general fund budget.

Education takes the biggest slice—about half. Appropriations for education total \$496,330,000 in the current biennium. That's 80 millions more than for the preceding two-year fiscal period. The next Legislature will have to provide for a further increase of at least 95 millions.

The incoming governor has talk about recessing the Legislature shortly after his inauguration pending a complete study of the commonwealth's fiscal problems.

After the study is completed, the lawmakers would come back and adopt a revenue program. There must be action before the end of the current biennium, next May 31, to keep state operations going.
